

David Marsh Referral Program

I Pay for Referrals! Here's How it Works!

You are either:

- 1- A student of mine or the parent of a student of mine
- 2- Someone who is interested in making a little extra money.

If you are a student of mine:

- 1- Identify someone who is interested in piano lessons
- 2- Tell me their name
- 3- Tell them to call me and schedule lessons

IF the referred person:

- 1- *Signs up for lessons*
- 2- *Pays for one month of lessons*

You will either:

- 1- *Receive 50% of their lesson payment for one month*
- 2- *Receive a 50% reduction in your lesson payment for one month.*

If you are NOT a student of mine:

- 1- Identify someone who is interested in lessons
- 2- Tell me their name
- 3- Tell them to call me and schedule lessons

IF the referred person:

- 1- *Signs up for lessons*
- 2- *Pays for one month of lessons*

You will either:

- 1- *Receive 50% of their lesson payment for one month*
- 2- *Receive a 50% discount in piano lessons for yourself for one month*

Payment will be in the form of a PayPal or Venmo transfer, depending on your preferences. Both PayPal and Venmo do not cost money to use. It is important to know, however, that when PayPal is used to send money to people who are not family, a small percentage will be taken from the amount sent. This is normal. Venmo does not incur any charges in this manner.
